SPACING OF GLAZED PANELS IN TL-FV & TLP DOORS

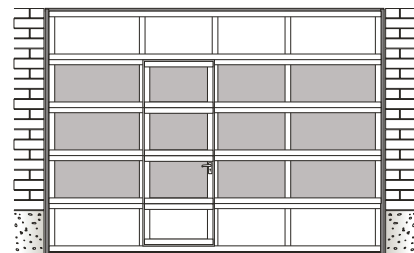

Standard TL-FV door;
Sandwich type bottom panel

TL-FV door with all
glazed panels

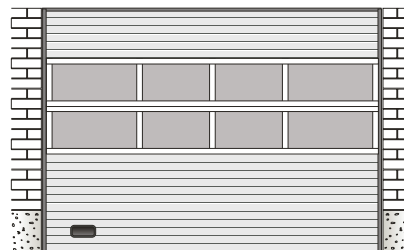

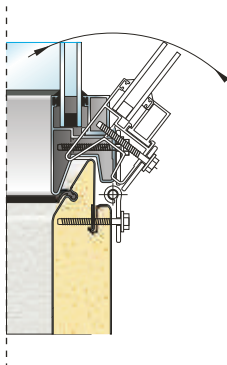

TL-FV door. Bottom
panel with filling

TL-FV door. Several
panels with filling

Pass door may be installed in all kinds of TL-FV doors in any of intermediate window group. Standard pass door width is 840 mm.

TLP door with several glazed panels

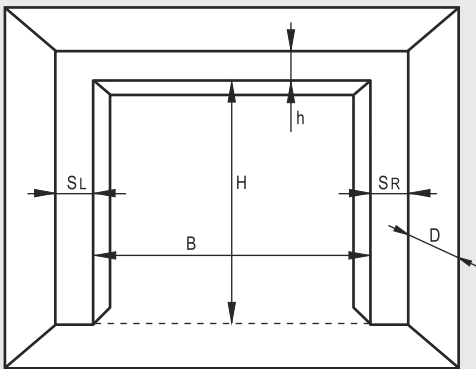

TLP door with single glazed panel

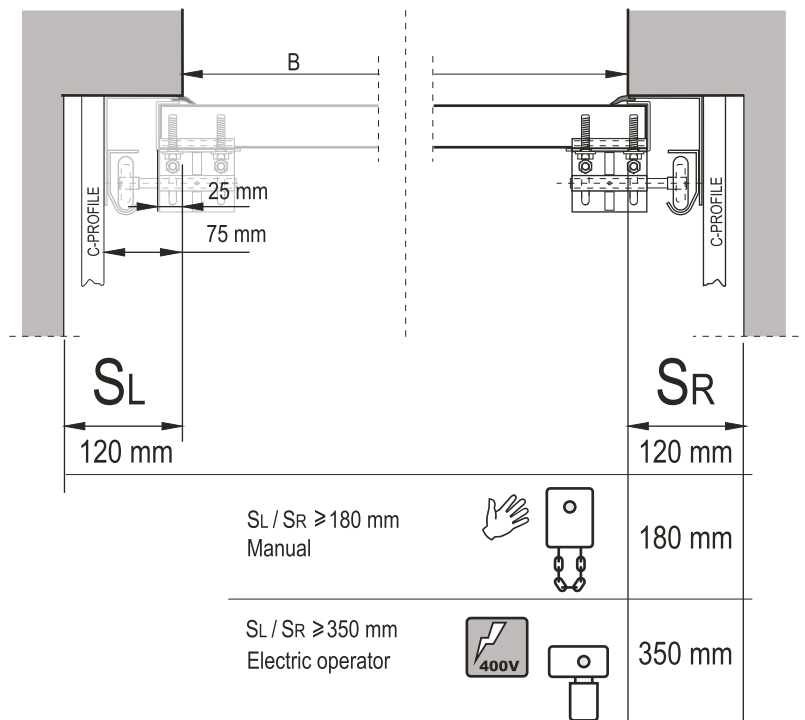

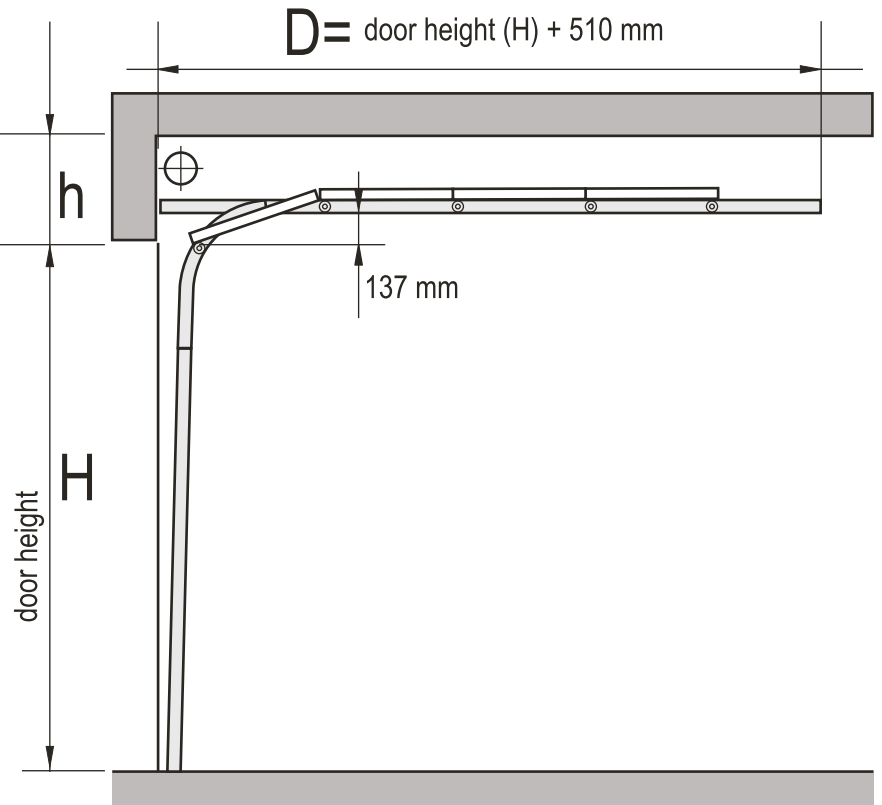

TRACK TYPES

- $h \geq 400\text{mm}$ (opening size $< 3250\text{mm}$)
- $h \geq 450\text{mm}$ (opening size $< 5200\text{mm}$)
- $h \geq 480\text{mm}$ (opening size $> 5200\text{mm}$)

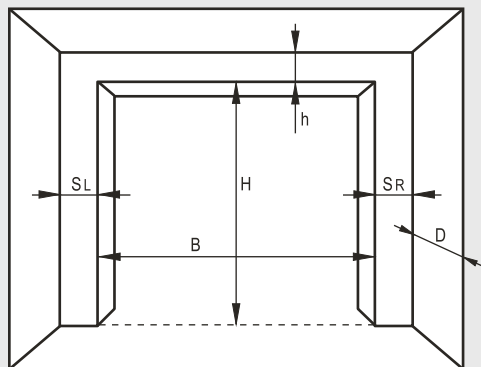

STANDARD LIFT TRACKS STD

Chain hoist or operator may be also installed on the left side (SL)

TRACK TYPES

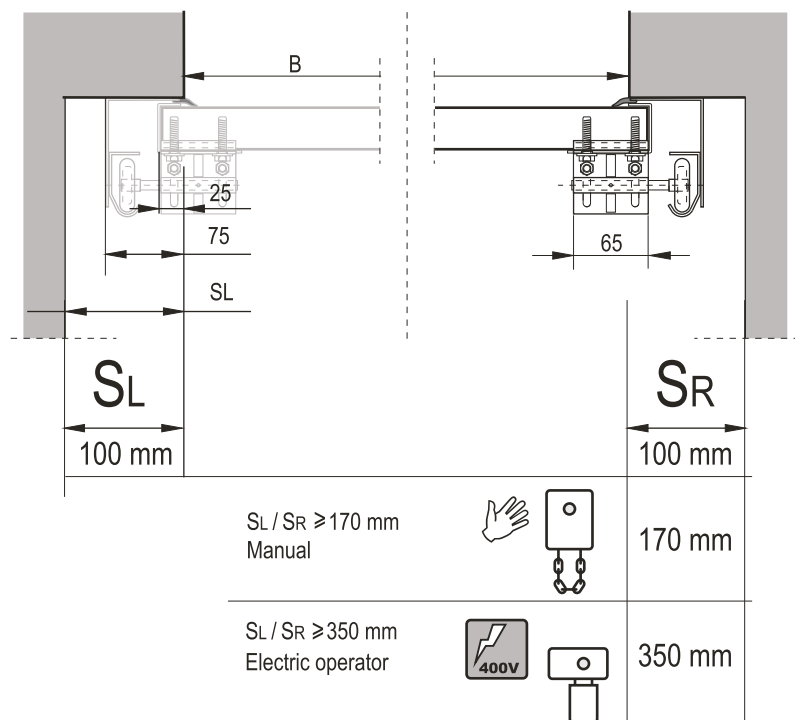

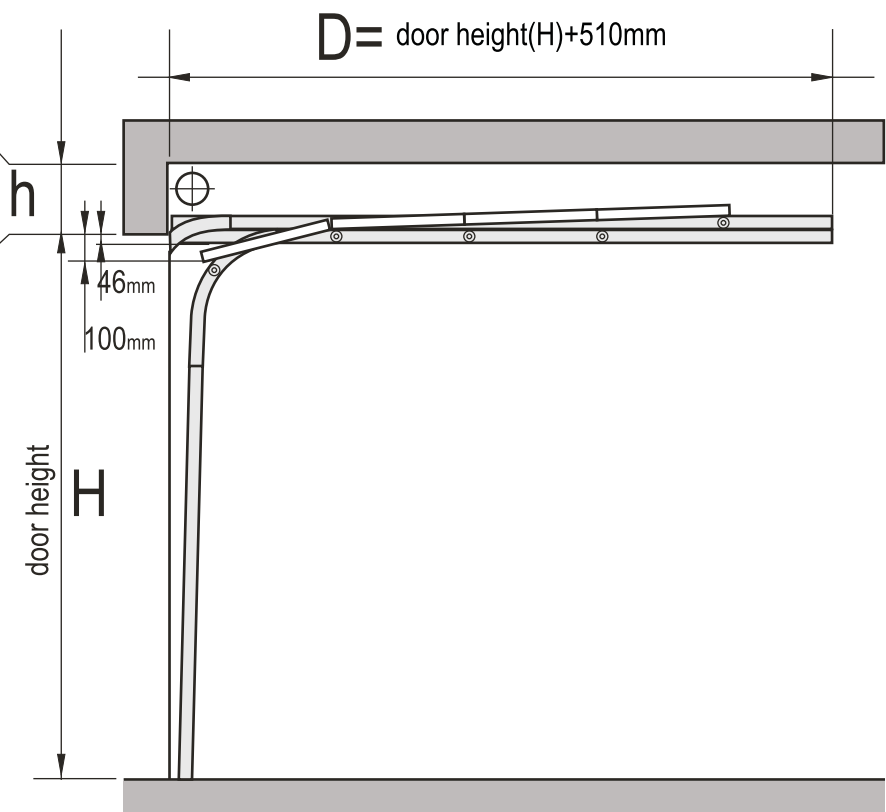

$h \geq 250\text{mm}$ (opening size < 3250mm)
 $h \geq 320\text{mm}$ (opening size < 5200mm)
 $h \geq 360\text{mm}$ (opening size > 5200mm)

LOW HEADROOM TRACKS

LHR-FM

low headroom lift double tracks,
front mounted springs

Chain hoist or operator may be also installed on the left side (SL)

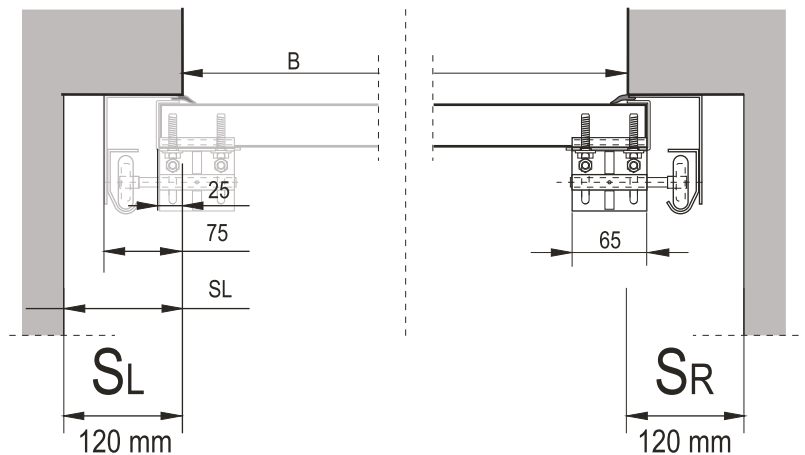

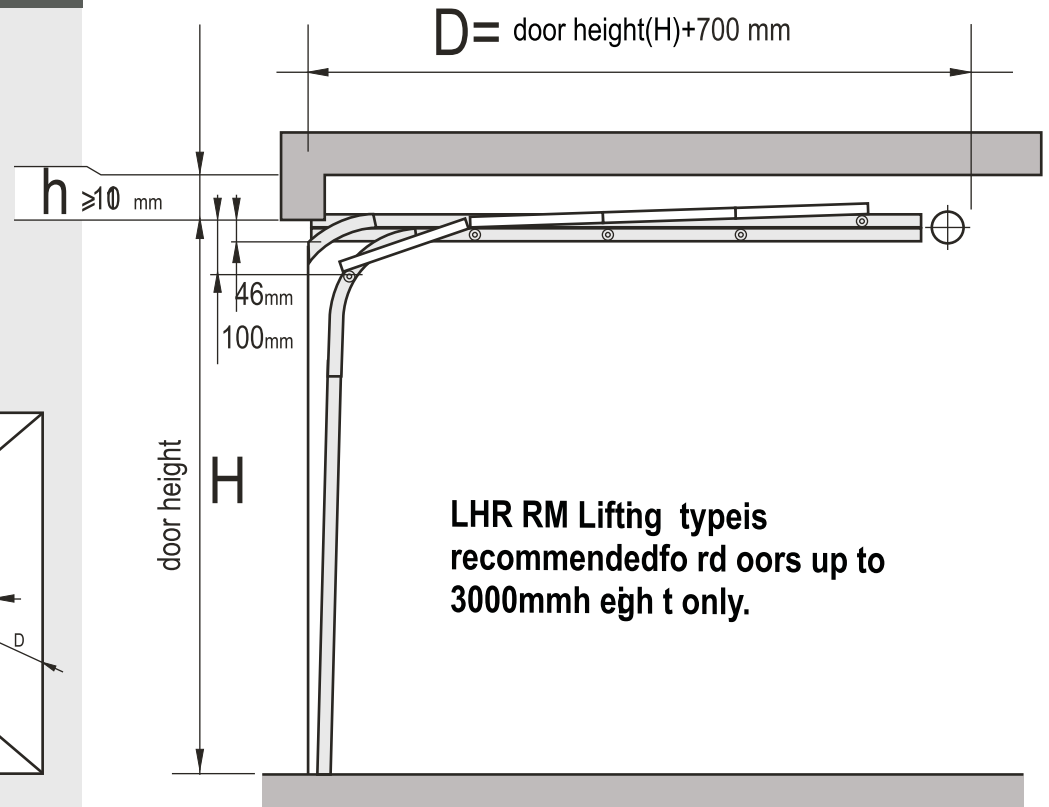

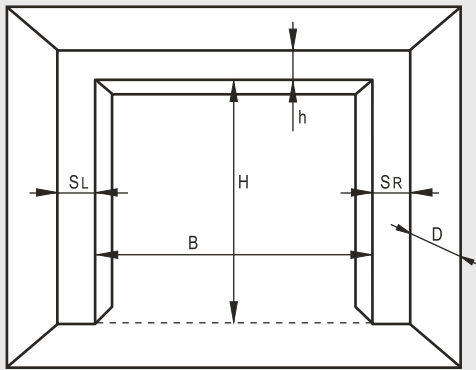

TRACK TYPES

LOW HEADROOM TRACKS

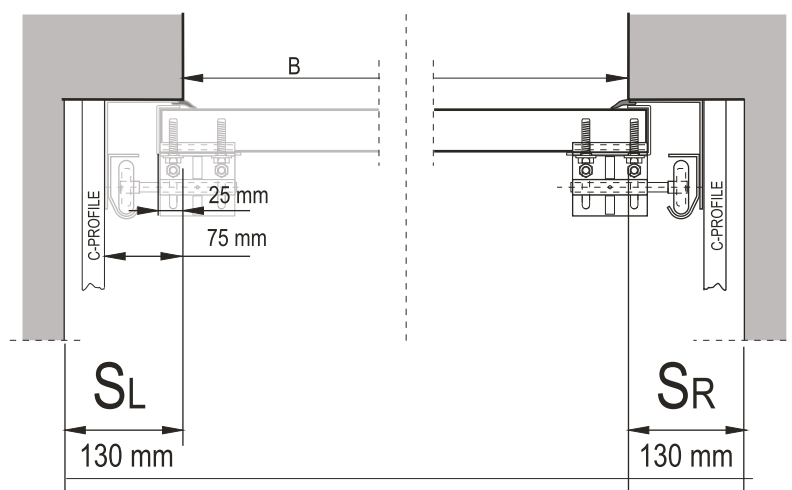

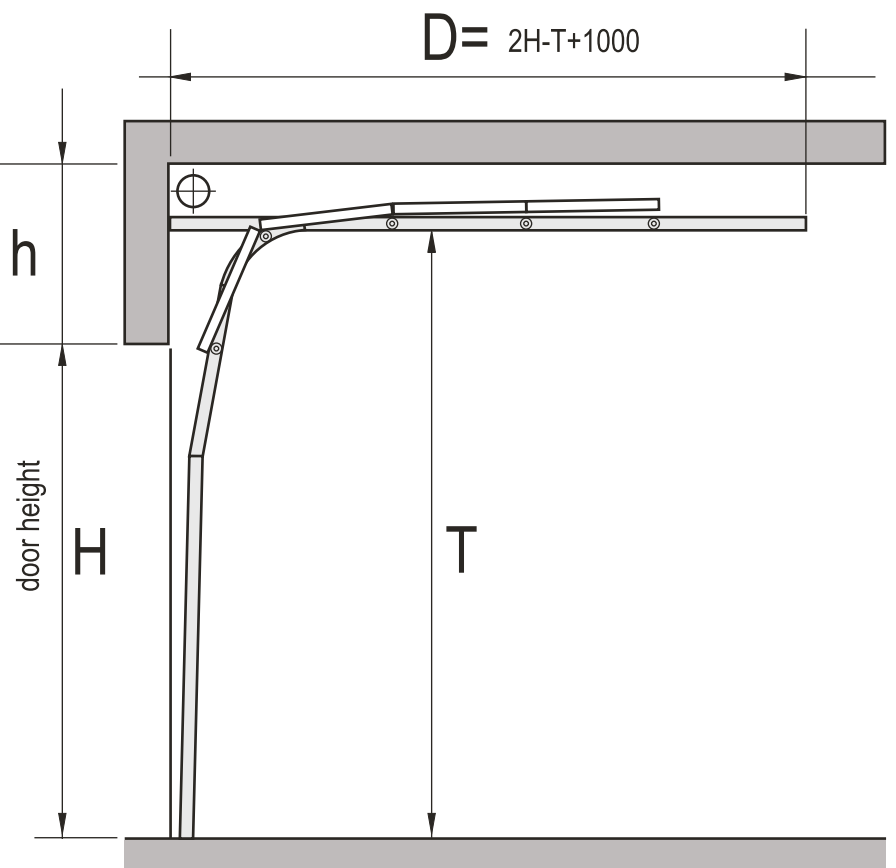

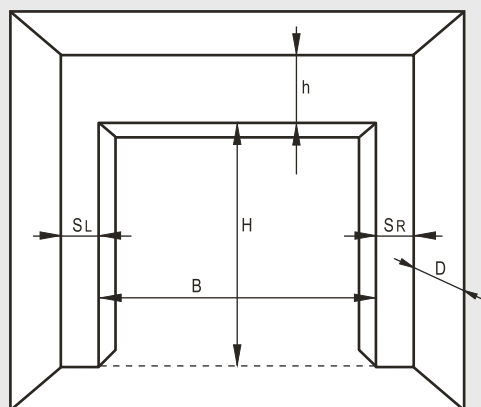

LHR-RM

low headroom lift double tracks,
rear mounted springs

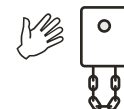

TRACK TYPES

$h \geq 1600 \text{ mm}$
 $h \geq 1610 - 3350 \text{ mm}$
 $h \geq 3360 - 4450 \text{ mm}$

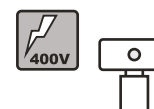

$SL / SR \geq 200 \text{ mm}$
 Manual

200 mm

$SL / SR \geq 350 \text{ mm}$
 Electric operator

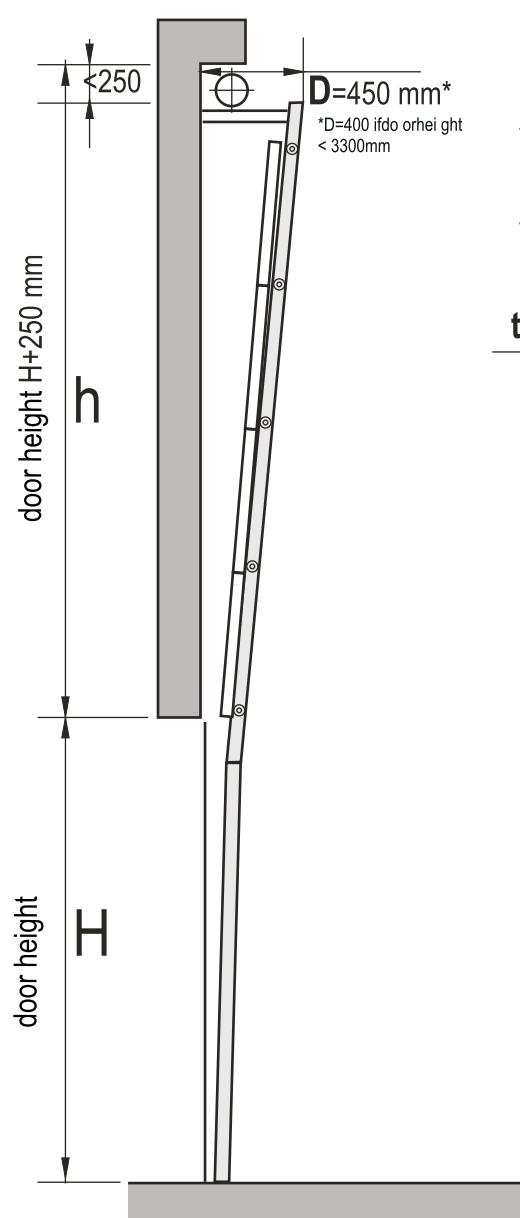

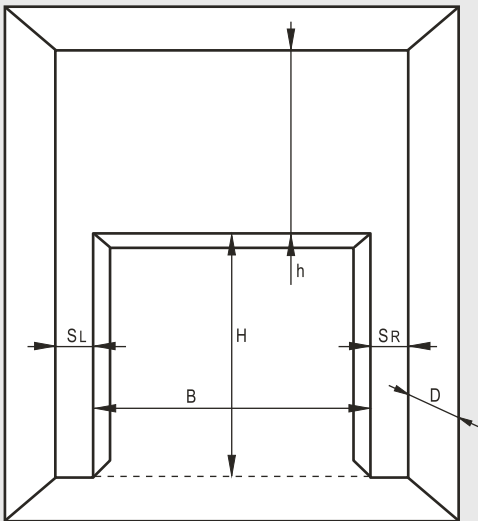

350 mm

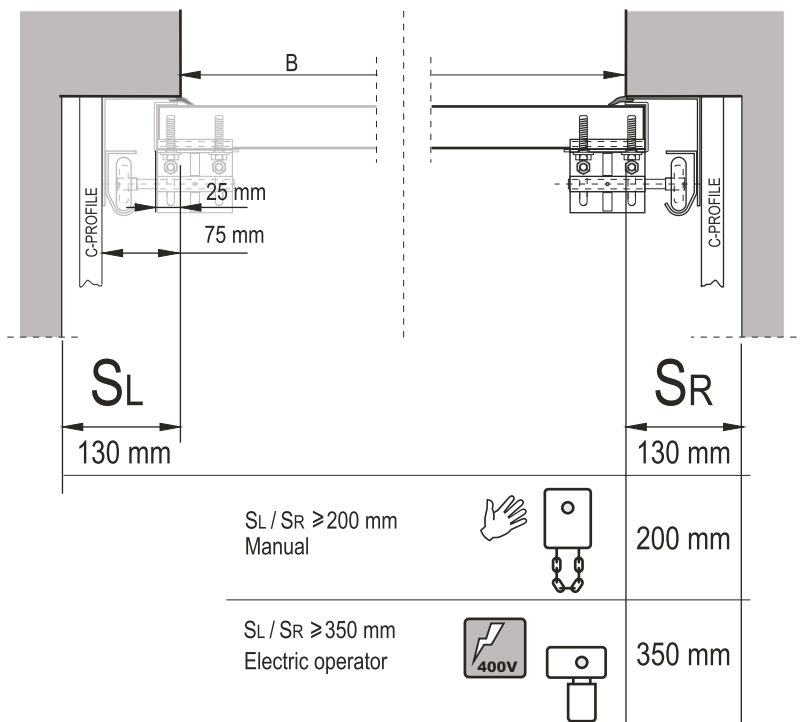

Chain hoist or operator may be also installed on the left side (SL)

TRACK TYPES

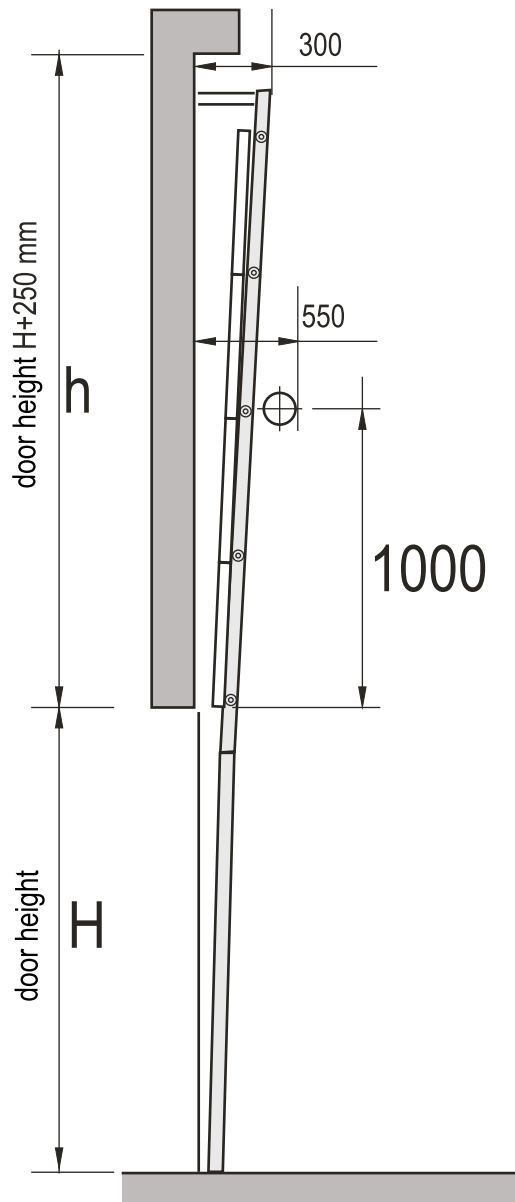

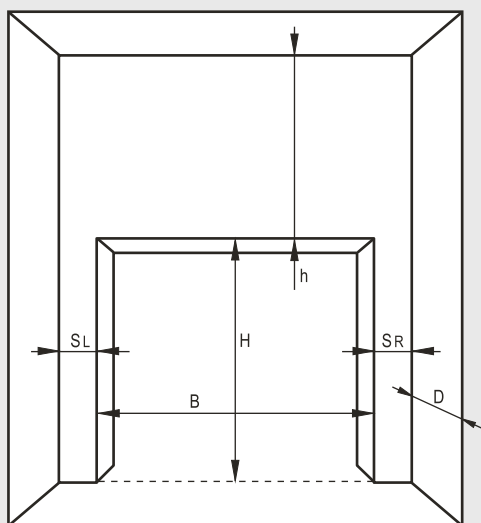

VERTICAL LIFT TRACKS VL-TM top mounted springs

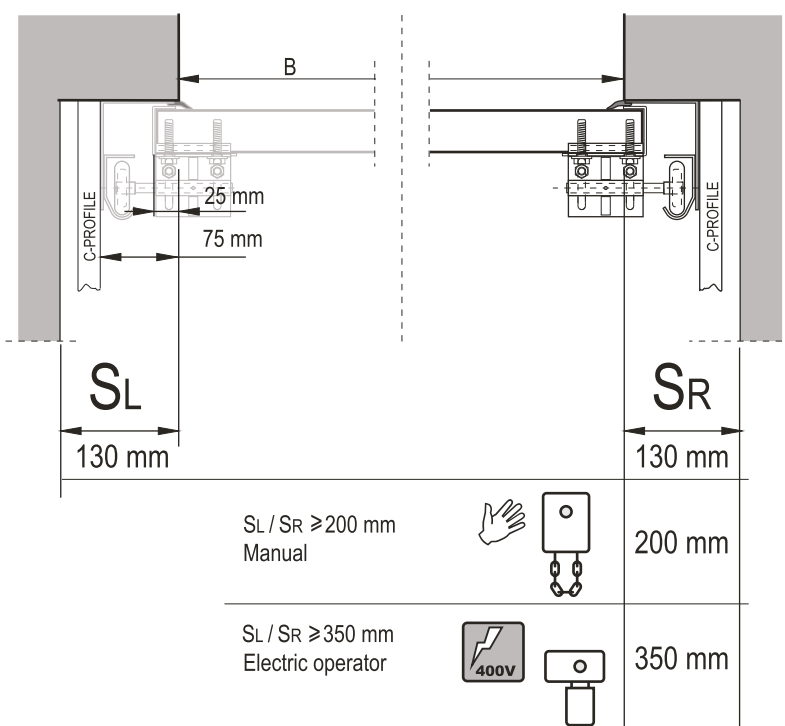

Chain hoist or operator may be also installed on the left side (SL)

TRACK TYPES

VERTICAL LIFT TRACKS **VL-MM** Low mounted springs

Chain hoist or operator may be also installed on the left side (SL)
